

Dr. Masoud Latifian

Associate Professor
Horticulture Science Research Institute of Iran

Highest Degree

Ph.D. in Entomology and Biological Control from Shahid Chamran University of Ahvaz, Ahvaz, Iran

Biography

Dr. Masoud Latifian is currently working as Associate Professor and Deputy Minister of Research and Technology Development Horticultural science Research Institute of Iran. He obtained his Ph.D. in Agricultural Entomology from Shahid Chamran University of Ahvaz, Iran. His current area of research interest focuses on Mass Production of Microbial Pest Control Agents, and Biological Control of fruits tree and stored Pests. He is author and co-author of 94 papers, 8 books.

Management Experience

Head of Plant Protection Research Department (Date and Tropical Fruit Research Institute)

Research Director (Date and Tropical Fruit Research Institute)

Director of Date and Tropical Fruit Research Institute

General Director of the Tropical and Sub-Tropical Fruits Office

Director of Research and Technology Development (Horticultural Science Research Institute)

Skills	Integrated Pest Management, Entomopathogens, Agricultural Entomology, Biological Pest Control, Insect Ecology, Crop Protection, Economic Entomology, Biological Control, Cultural Management, Integrated Crop Management, Insect Pathology, Biopesticide Development,
Languages	English, Persian

Area of Interest:

Plant protection Sciences	100%
Entomology	62%
Ecological Research	90%
Bio-control	75%
Microbial Pesticides	55%

Selected Publications

Books

- 1- Masoud Latifian et al., Wast management of Tropical and subtropical fruits tree
 - 2- Masoud Latifian, Commercial production Technology of biological control agents, 2018
 - 3- Masoud Latifian, Itegrated pest management of Date palm pests, 2016
